Dear Prof,

Let me start by apologizing for the delay in responding to your mail. It has been tight with me. I am able to reply now because I am out of the country away from the stress and pressure of our environment.

Many thanks for your kind words on the up grading of Enugu airport. I must also thank you for your interest on the subject and for all the steps you took which I must confess inspired our action in meeting with Mr President on the matter. It is a victory for all of us.

Meanwhile be assured that we are not relenting and will not relent until scheduled flights land and take off from Enugu. We are working on a number of things in the 2008 budget that will help to actualize that. I have also indicated to the Minister of Transport of our readiness to arrange private sector participation in the project especially in the area of Terminal building construction and management. Any suggestion or assistance in that direction is most welcome and will be appreciated. Together we can make it happen.

Note that I could not access your letter to Mr President attached. You may wish to resend it.

God bless you

Your brother,

Sen Ike Ekweremadu
